

Routing for Proposed Changes to the Policies & Processes in the Faculty Handbook and/or Undergraduate & Graduate Catalogs

Note. 1) Undergraduate changes are routed to the Assoc. VP while graduate changes are routed to the Graduate College Dean/VP. 2) If more information is needed by a party at any level in this routing flow chart, the reviewing party may confer with parties who have already reviewed and/or made recommendations on the proposed change (or any other relevant parties). 3) If any party in this routing flow chart provides a recommendation that is discrepant from previous levels (including amending the proposed change), the party with the discrepant recommendation (or amended proposal) will notify previous parties and justify the response; as appropriate, the party with the discrepant decision will work with previous levels of review to develop an amended proposal; prior levels must approve any amended proposal before the proposal moves forward.
