College of Science and Mathematics

- BS in Chemistry (Professional Track)
 - Correction to footnotes – delete the computer skills note and footnotes numbers 1, 4, and 5 relating to advisement of students. The footnote 2 is also deleted because submission of online portfolios is no longer required. The addition of footnote 2 now reads “The chemistry elective 3000/4000 course must have one prerequisite from the upper division major requirements.
- BS in Information Systems makes the following changes to major:
 - UPPER DIVISION INFORMATION SYSTEMS, under Other electives, add IS 3950 Global Technology Strategy and IS 3200 Network Security.
- BS in Mathematics makes the following change to major:
 - LOWER DIVISION MAJOR REQUIREMENTS— CS 2301, a required course changed from a 3-hour course to a 4-hour course. An accounting

error had only one overflow hour in Area F from Area D and it should be 2 hours. This change makes the lower division elective hours go from 6 to 4 credit hours.

- **New Undergraduate Add-on Teaching Endorsement in Computer Science Education**
 - This Add-on Endorsement program is intended to provide the existing or prospective secondary school teacher with the preparation required to obtain a Georgia Teacher Certification in Computer Science. The program consists of the following courses: IS 2101 Computers and Your World, CS 2301 Programming Principles I, CS 2302 Programming Principles II, CSED 4416 Teaching of Computer Science, CSED 4417 Computer Science Teaching Practicum.

University College

- BS in Interdisciplinary Studies proposes two minor changes to published descriptions of the IDS Program's requirements:
 - Transforming a course IDS majors are now "strongly urged" to take, IDS 3100 ("Interdisciplinary Research Methods"), into a requirement for those who have not included a research methods course in an appropriate discipline in their IDS curriculum. This requirement can be accommodated within the existing curriculum; and
 - Adding language to descriptions of the degree's upper-division courses that clarifies the inclusion of 15 hours coursework designed to enhance an IDS major's understanding of theory/culture, writing/communication, and application/integration.
 - University Studies clarifies Honors Experience III: by adding "Students who have not completed or will not complete a research methods course in their major must take IDS 3100, "Interdisciplinary Research Methods," to fulfill this requirement.

New Certificate Programs of Study

- **Regulatory Affairs and Clinical Trials.** This program is design for biology, biotechnology, chemistry and biochemistry majors to prepare them for attractive, readily available jobs and career opportunities in regulatory affairs or clinical trials within Georgia's growing pharmaceutical, biomedical, and biotechnology industries as well as position graduates for future managerial responsibilities. Graduates will have an in depth understanding of the regulatory approval process and clinical trail needs for drugs, biologics, medical devices and diagnostics. Program includes courses in BTEC 3400 Drugs, Biologics, Devices and Diagnostics, STAT 3125 Biostatistics, BTEC 3410 Experimental Design and Analysis, BTEC 3420 Project Management: Regulatory Affairs and Clinical Trials, BTEC 4320 Internship in Pharmaceutical, Biotechnology, or Biomedical Industry.

Change in Certificate Program of Study

- Alternative Dispute Resolution (ADR) certificate makes following changes:
 - Adds POLS 3300 US Constitution and Courts
 - Remove POLS 4410
- Information Technology (IT) certificate makes following changes:
 - Adds IS 2101 Computers and Your World or equivalent as required course
 - Adds IS 3020 Application Development, IS 3760 Web Development, and ISA 2100 Principles of Information Security Assurance as possible course selections

New Minor Program of Study

- Information Security and Assurance. Program includes the following required courses:
 - IS 2101 Computers and Your World, IS 3040 IT Infrastructure, ISA 2100 Introduction to Information Security and Assurance, ISA 3200 Network Security, ISA 3300 Management of Information Security and Assurance.
 - And one from ISA 3210 Client Systems Security OR ISA 4220 Server Systems Security.

Change in Minors Program of Study

- Asian minor makes following changes:
 - Adds ASIA 4490 Special Topics in Asian Studies, ASIA 3309 Survey of Chinese Language and Culture, ASIA 3670 Survey of Asian Art, CRS 3398 Internships in Cultural and Regional Studies

Approved Graduate Policies and Curriculum Committee Recommendations

These approvals are reflected in the 2009-2010 graduate catalog.

Board of Regents

- The Board of Regents approved the establishment of a post-baccalaureate Certificate in Regulatory Affairs and Clinical Trials.
- The Board of Regents, at its meeting on February 10, 2009, approved the establishment of a Doctor of Nursing Science.
- The Board of Regents, at its meeting on June 10, 2009, approved the establishment of a dual degree option for the existing Master of Business Administration and Master of Public Administration.

Coles Executive MBA

- Changes made to Admissions Policy:
 - Specific GPA requirement eliminated.
 - Increase of the minimum work experience years from five to six.
 - Language of GMAT requirement rewritten to eliminate reference to the 500 score threshold.
 - Much of the admissions language rewritten to eliminate redundancy and to more accurately detail requirements.

Doctor of Business Administration

- New program.

Doctor of Science in Nursing

- Total hours in the program increased to 60.

Master of Arts in American Studies

- New program.

Master of Arts in Teaching – Science

- Official scores on the GACE Content Assessments added as an Admission/Readmission Requirement.

Master of Arts in Teaching – TESOL

- Program Requirements and Course of Study adjusted to reflect the consolidation of coursework from INED 7784 into INED 7783, the decision to make EDRD 7715 a required course, and the inclusion of INED 7981 in the place of a guided elective.
- Completion of an undergraduate reading course added as a Program Requirement.

Master of Business Administration/Master of Public Administration

- New dual degree program offering.

Master of Business Administration/Master of Science in Information Systems

- New dual degree program offering.

Master of Education in Inclusive Education – TESOL Concentration

- Program Requirements and Course of Study adjusted to reflect the consolidation of coursework from INED 7784 into INED 7783, the decision to make EDRD 7715 a required course, and the inclusion of INED 7981 in the place of a guided elective.

Master of Science in Applied Computer Science

- Program redesigned to streamline the curriculum, making it more effective, flexible, and marketable while promoting research and changing the focus to incorporate a variety of topics.
- Prerequisites for many courses reduced; prerequisite structure changed from 3-levels to 2-levels.

Master of Science in Information Systems

- Program updated to reflect the changes in technology and the role of IT leaders over the years.

Master of Science in International Policy Management

- New program.

Master of Social Work

- Admission/Readmission and Progression/Retention policies updated to comply with guidelines set by the Counsel on Social Work Education.

Changes to Graduate Certificate and Endorsement Programs

- ESOL Endorsement:
 - Program Requirements and Course of Study adjusted to reflect the consolidation of coursework from INED 7784 into INED 7783, the decision to make EDRD 7715 a required course, and the inclusion of INED 7981 in the place of a guided elective.
- Reading Endorsement:
 - Completion of a one reading course with a “C” or higher added in Program Requirements.
 - Prerequisite structure created in Program of Study to prevent admission for those seeking “recertification only.”
- Certificate Program in Educational Leadership:
 - Admission Requirements revised to include the completion of a graduate application, submission of official transcripts, submission of valid teaching certification, submission of two Evaluation and Statement of Support forms, submission of one Mentor Form, and submission of a resume.
