NEWSLETTER

Hello! This is the first in an ongoing series of monthly updates concerning all curriculum and curriculum-related items at Kennesaw State University. It is our hope that this newsletter will make your lives easier, consolidating the various aspects of the complex system for curriculum review and approval into a single, easy-to-use reference.

If at any time you have items you would like to add to an upcoming newsletter, please email Jamie Grimes at jgrimes8@kennesaw.edu.

In this issue...

- What is Curriculog?
- How can I gain access to Curriculog?
- Trainings and workshops
- Undergraduate curriculum approvals, August - September 2015
- Graduate curriculum approvals, August - September 2015
- Upcoming curriculum committee meetings
- Curriculum contacts

What is Curriculog?

Curriculog is Kennesaw State University's online curriculum management solution. Through this system, the curriculum management process is entirely online, including curriculum proposals, meeting agendas, and reviews and decisions made by committees and administrators.

Curriculog is tied directly to the university's online catalog database, Acalog. Through this integration, users are able to pull information from the active catalog directly into curriculum proposals for review and modification.

Prior to gaining access to Curriculog, you must complete training for your user role (proposal originator, curriculum committee chair/faculty administrator, and/or curriculum committee member).

How can I gain access to Curriculog?

Before you are able to perform any task in Curriculog, you must first complete the appropriate online module(s) for the roles you will have in the system. These modules can be found on the Campus Training site at <https://campustraining.kennesaw.edu/login/index.php>.

Once you have completed training, you must obtain a PIN by contacting us at curriculog@kennesaw.edu.

That's all there is to it! From this point forward you will have permissions for whatever level(s) of training you have completed.

Curriculog Trainings, Workshops, and Drop-in Sessions

In addition to the mandatory online Curriculog trainings, we now offer a variety of opportunities to address more specific user questions. At any time, you can request group workshop sessions by completing the online request form found on the Curriculum website at http://curriculum.kennesaw.edu/curriculog/training_workshops.php.

Additionally, we will be conducting periodic drop-in sessions on both campuses, during which you can bring to us your specific proposals for assistance from a member of our staff. In October, these sessions will be held at:

- 10/28: Kennesaw Campus, KH 1203, 9am - 5pm
- 10/29: Marietta Campus, G 215, 9am - 5pm
