NEWSLETTER

Hello! This is the third in an ongoing series of updates concerning all curriculum and curriculum-related items at Kennesaw State University. It is our hope that this newsletter will make your lives easier, consolidating the various aspects of the complex system for curriculum review and approval into a single, easy-to-use reference.

If at any time you have items you would like to add to an upcoming newsletter, please email Jamie Grimes at jgrimes8@kennesaw.edu.

How do I create sections for special topics and directed study courses?

The university is moving away from paper forms for special topics and directed studies courses. These forms are now available through Curriculog.

If you have any questions about the processes for creating sections of these course types, please contact the Registrar's Office.

What is the Initial Review step and how does it benefit me?

Effective Fall 2015, Curriculum Systems and Support is reviewing all newly-originated curriculum proposals. This step is meant to ensure that proposals are completed as correctly and accurately as possible, and to work with originators to correct errors and collect appropriate documentation. After passing this initial review, the proposal will continue through the curriculum approval process as normal.

Curriculog Trainings and Assistance

In addition to the mandatory online Curriculog trainings, we now offer a variety of opportunities to address more specific user questions. At any time, you can request group workshop sessions by completing the online request form found on the Curriculum website at http://curriculum.kennesaw.edu/curriculog/training_workshops.php.

Additionally, we have increased our presence on the Marietta campus. You can request assistance 9am to 5pm on Tuesdays and Wednesdays, or set up a time to stop by Norton 115.
