Newsletter improvements!

Your voices have been heard! Curriculum updates now include summaries of changes to existing course and program information. You may still access a more detailed view of each program by navigating through individual committee agendas linked above the curriculum listings.

As always, if you have items or features you would like to see added to an upcoming newsletter, please email Jamie Grimes at jgrimes8@kennesaw.edu.

Curriculog Trainings and Assistance

In addition to the mandatory online Curriculog trainings, we now offer a variety of opportunities to address more specific user questions. At any time, you can request group workshop sessions by completing the online request form found on the Curriculum website at http://curriculum.kennesaw.edu/curriculog/training_workshops.php.

Additionally, we have increased our presence on the Marietta campus. You can request assistance 9am to 5pm on Tuesdays and Wednesdays, or set up a time to stop by Norton R2 - 324.

How do I create sections for special topics and directed study courses?

The university is moving away from paper forms for special topics and directed studies courses. These forms are now available through Curriculog.

If you have any questions about the processes for creating sections of these course types, please contact the Registrar's Office.

New Programs

- Entrepreneurship Minor
- Mechatronics Engineering Minor

Program Changes

- BA in New Media Arts: Program changed to BS in Interactive Design.
- BBA in Management: Four new courses added to the Major Field Electives.
- BS in Biology: Program updated the Education track to reflect the UTeach model adopted by science education faculty and approved by the BOR. This involved a slight adjustment to the credits for that track and the course sequence available to those students. Added new courses that were available due to consolidation and adjusted the tracks to reflect all of the current biology curriculum. Adjusted the Area F course language to reflect the USG Gen. Ed. mandate that departments cannot restrict (beyond what is already listed in the catalog) the courses that students take in Areas A and D. TBS in Psychology: Course options in the developmental area changed to only list PSYC 3305. PSYC 4498 added as a senior capstone option.
- BS in Chemistry: Program updated to reflect the focus on the Uteach model while staying with the BOR required credit structure.
- BS in Exercise Science: Admission GPA increased to 3.00.
- BS in Industrial & Systems Engineering: Prefixes changed for all courses. Twelve new courses added to the curriculum, five courses dropped.
- BS in Physics: Program updated to reflect the focus on the Uteach model while staying with the BOR required credit structure.

- BS in Technical Communication: Changes to the degree are a result of disentanglement committee recommendations brought on by consolidation. These changes help clarify the content and focus of the degree.
- Public History Certificate: HIST 4424 added as an elective. HIST 2270 changed to HIST 3100.
