CIP Code Information:

Effective January 2, 2017 the Office of Academic Affairs will be responsible for the management of the CIP codes. This comes as a result of Donna Hutcheson's retirement. We would like to wish Donna well and thank her for her wonderful years of service to KSU.

Over the next several months an audit will be conducted regarding the current CIP codes associated with our programs to insure compliance with all Federal requirements and guidelines and to insure all university systems are using the same information. This systematic audit will be conducted by members of the Academic Affairs Staff, Registrar's Office Staff and Financial Aid Staff. We ask the cooperation of all faculty and Department Chairs if we ask for any additional program information in response to this audit.

We will continue the practice of reviewing CIP information for program changes in Curriculum proposals. If you need assistance with CIP code information please contact Amy Jones at avasinko@kennesaw.edu or Curriculum@kennesaw.edu
