Kennesaw State University General Education Curriculum Recognized by American Council of Trustees and Alumni

For the seventh consecutive year Kennesaw State University has scored an “A” for its high-quality General Education core curriculum in a nationwide study released by the American Council of Trustees and Alumni (ACTA). ACTA is a Washington DC based, independent, nonprofit organization committed to academic freedom, excellence and accountability at America’s colleges and universities. KSU is one of only 24 colleges and universities who scored an “A”.

The Office of Academic Affairs is very proud of the efforts of the General Education Council and General Education Faculty, and we will continue to support efforts to continue excellence.
